All the proceeds help women from El Centro to become self-sufficient and independent while obtaining work skills and self-development education.

Women's Program Goals

1. Provide Spanish-speaking low income women with a safe place to promote a sense of community.
2. Promote economic self-sufficiency through development of microenterprise programs and job readiness training.
3. Develop leadership of women and promote the rights of low wage women through actions.

Gratuity is not included. We suggest 15-20% of total order price.
